- 4.2. Credit bonus will be issued for every deposit amount over/equal to 100 USD.
- 4.3. Eligible clients will receive credit bonus as per below:
  - a. 50% of your first deposit, up to \$500 credit (base currency)

“Subsequent Deposits” means any deposits you made after your first deposit, or the part that exceeds \$1,000 (base currency) from your first deposit.

Here are some examples of how much credit bonus you will get based on your first-time deposit (FTD) amount:

\$1,000	\$0	\$500
\$5,000	\$0	\$500+\$800 = \$1,300

- 4.5. For qualified clients, the bonus will be credited into the trading account as credit automatically.
- 4.6. The credit amount is capped at a maximum of 10,000 USD per eligible client at any time during this Promotion.
- 4.7. Internal transfers, balance or cash adjustments, Introducer/Affiliate rebates or commissions of any kind will not be considered new deposits and therefore will not be counted towards this Promotion.
- 4.8. Credit amounts cannot be withdrawn. Profits made will be reflected in your account value. Similarly, any losses made will be deducted from your account value. Any profits generated from the utilization of the bonus are available for withdrawal as per our withdrawal procedure.
- 4.9. If clients choose to make an internal transfer/withdraw a portion or the entirety of their deposit and/or profits, the corresponding portion of their trading credit, or the entire credit amount, will be deducted from their account accordingly. Please note that STARTRADER still reserves the right to the credit bonus. If a client still holds a position at the time of bonus removal, please ensure that there is sufficient margin to avoid liquidation.
- 4.10. If the credit balance is used when opening a position, trading volumes from those trades will solely be used for bonus calculation purposes.
- 4.11. Bonus can be used to hedge losses.
- 4.12. This promotion cannot be used in conjunction with other promotional privileges. If the client is already participating in an ongoing promotion, the previous promotion needs to be completed before joining a new one.
- 4.13. If the client terminates the previous promotion before completing it, the client needs to acknowledge that all bonuses and rewards have been given up voluntarily.
- 4.14. Clients have the full obligation to keep a sufficient margin level within the promotion period. Withdrawal or bonus cancellation might result in a lower margin for your positions

and might cause liquidation due to insufficient margin. Clients should carefully consider their risk tolerance level and financial situation prior to making any withdrawal request.

- 4.15. During the promotion, STARTRADER reserves the right to deny the client's qualification for participation, deduct any improper profits, or even terminate the partnership with clients if any breach of these terms and conditions is found. Breach behaviors include (but are not limited to): using the same IP address to trade simultaneously, conducting multiple accounts (including STARTRADER internal accounts or between different brokers) for arbitrage, scalping, high-frequency trading, latency arbitrage, malicious hedging, trading oversized positions during trading hours, putting accounts under single exposure with multiple similar trades, trading products that are too concentrated and pose a high-risk condition, etc. (or when participating in the bonus promotion, if more than 70% of the account's trading volume is concentrated on specific products or maintains a fixed trading direction).

Any termination of the partnership (including disqualification from events, deduction of improper profits, etc.) caused by improper trading shall be borne by the traders themselves. STARTRADER has sole discretion in determining trading methods. Additionally, for the protection of client rights and privacy, STARTRADER may not be able to provide relevant proof.

Clients participating in this event are considered to fully understand and accept the above content. If clients are judged to have engaged in improper trading behavior, they do not have the right to post malicious comments or engage in activities that would damage the reputation of STARTRADER on any social media or channels; otherwise, they will be held legally responsible.

- 4.16. When a client's balance becomes negative during the promotion, the bonus will be offset against the loss caused by the negative balance. When your negative balance exceeds 1000 USD, STARTRADER reserves the right to refuse the client's request to clear the negative balance.
- 4.17. Translations may vary slightly. In all instances, the English version shall prevail. STARTRADER reserves the final right to suspend, modify, or terminate this promotion.

## 5. Risk Warning

The purpose of the bonus is set to increase in profits instead of credit loan, thus clients should always be aware of its actual margin amount at any time. When the actual available margin in your account is insufficient, you shall add more margin in time to avoid automatic position closure to your account. Accordingly, please note that STARTRADER will not be responsible for any risks emitted from the above mentioned.

STARTRADER provides leveraged derivative products including forex and CFD. Please note that leveraged products may NOT be suitable for all investors since these carry a high level of risk to your capital and it is possible to lose more than your net deposit. It is your responsibility to fully

understand that when trading on a margin or leverage basis, your capital is at risk, and carefully consider your investment objectives, trading knowledge, experience, and affordability. Please do not trade if you are unable to afford the loss that the trading may bring. It is recommended to seek independent and professional suggestions if you have any questions or concerns about the products STARTRADER provides.

Please note that STARTRADER does NOT intervene or take responsibility for the loss caused by following trading advice or copy trades.
